"I've Lost Ten Pounds"

A man says, "Look at this." And he over-laps his coat to show how loose it is. There are some people who can lose fat to advantage, but the loss of flesh is one of the accepted evidences of failing health. As flesh-making processes begin in the stomach, so naturally when there is loss of flesh we look first to the stomach for the cause. And the cause is generally found to be the disease of the stomach and digestive and nutritive tracts, resulting in loss of nutrition and consequent physical weakness.

Dr. Pierce's Golden Medical Discovery restores the lost flesh by curing diseases of the stomach and other organs of digestion and nutrition and enabling the perfect digestion and assimilation of food from which flesh and strength are made.

"My wife was for five years troubled with indigestion of stomach and bowels, bloating and severe pain at times during the entire five years," writes Mr. J. Milton Unger, of McDonough, Pa. "Her heart was affected, and she took a paralytic every few days but only received temporary relief. She got very poor in flesh and I bought one bottle of Dr. Pierce's Golden Medical Discovery from our druggist and after taking it she said she felt like a new woman. Has no more trouble with stomach and bowels, and has no pain nor bloating. Has gained fifteen pounds in weight."

Dr. Pierce's Pleasant Pellets cure constipation and biliousness.

MACHEN, LORENZ AND THE GROFFS CONVICTED.

"Guilty as indicted" was the verdict announced by Carl Peterson, the foreman of the jury in the postoffice conspiracy trial in Washington, shortly after 8 o'clock last night, stating at the same time that this was the verdict as to all four defendants—August W. Machen, late general superintendent of the rural free delivery division; George A. Lorenz, of Toledo, O.; and Samuel A. and Diller E. Groff, of Washington.

The jury had been out nine hours, although the verdict was reached in eight hours and 25 minutes. Justice Pritchard had gone to his home, there to await any summons from the jury, and when at 7:25 o'clock the jury announced to the deputy marshal outside the jury room that a verdict had been reached, the justice was sent for and arrived at the courthouse shortly before 8 o'clock in the dimly lighted room sat the four defendants, who, after the case was given to the jury, had been placed in the custody of the United States marshal and confined to the limits of the City Hall.

Each wore an anxious look, and a deathlike silence fell upon the small crowd which had been permitted to enter the room as the clerk inquired of the foreman if a verdict had been reached.

With impressive dignity the jury as a man rose, and as the words "Guilty as indicted" fell from his lips the defendants and their counsel seemed appalled. During the time the jury were out the four defendants had paced up and down the hallway outside the courtroom and had given expression to the belief that each hour the jury spent in discussion the case brought them nearer to an acquittal.

There was very general astonishment that the jury had included in the conviction Samuel A. Groff, the Washington policeman and inventor of the Groff fastener, as to whom Holmes Conrad, special counsel for the government, on Thursday informed the jury he did not expect a conviction and that he personally did not believe in his guilt.

Five ballots in all were taken. On the first ballot the vote stood 7 to 5 for conviction; on the second 8 to 4; on the third 9 to 3; on the fourth 10 to 2, and on the fifth the vote was unanimous.

Immediately after the verdict was rendered Mr. Charles A. Douglass, in behalf of all four defendants, filed motions for a new trial, for an arrest of judgment, and also for an appeal for the purpose of having the defendants admitted to bail. Bail was then fixed at \$20,000 each, the bond of Lorenz and the two Groffs being increased from \$10,000 to that sum. When Mr. Maddox on behalf of the Groffs, inquired as to the amount of bail to be required of them Justice Pritchard said: "I know no difference between these defendants. The jury has said they are all guilty and I cannot discriminate, but will treat all alike."

Next to Samuel A. Groff the most surprised man was Machen, who said he was thunderstruck at the verdict.

Asks Protection.

Mr. Frank C. Graves, a steam engineer, of Washington, has written the following letter to the Commissioners of the District of Columbia charging the International Association of Steam Engineers with interfering with his pursuit of business and asking for protection:

"I am a steam engineer, having held a license here for eighteen years. I have always complied with the laws governing steam engineers in the District of Columbia, and according to my interpretation of the law, am entitled to follow my vocation anywhere in the District of Columbia, so long as I obey the law, surely look to the District government which examined me and accepted my money for the license to protect me in the peaceful pursuit of my business. Here comes a committee from the International Association of Engineers and says that if I do not join them I must quit work. My position I hold through my own endeavor, and did not secure it through their influence. I have full permission from your honorable board to hang up my license; these men say I must take it down. I would thank you to give me an official opinion on this point, and please do so at your earliest convenience, as it is a matter of living to secure myself and family. I cannot conscientiously join this union, as I do not believe in their teachings. I certainly look for protection from this organization."

Mr. Graves will be informed that until his license is revoked for cause by authority of the Commissioners it is valid and will be respected by all law-abiding citizens in the District of Columbia; that without the license held by him it would be unlawful to engage in the occupation of a steam engineer and he would be liable to penalties for so doing; that the District cannot guarantee employment to any citizen, although licensed by it to pursue a calling, nor can it interfere between employer and employee in the matter of pursuit of business; that if the right of contract of employment of the citizen is

Rheumatism Cured.

Mr. Michael Doran, Youngstown, Ohio, says: "I suffered for a long time with acute Rheumatism in my knees. I tried all kinds of remedies, including an expensive course of electric treatment, all in vain. At the suggestion of my druggist I took a bottle of Paracamp to try. The effect of its use was magical. I got relief at once and after using three or four bottles believe I am permanently cured. It is a wonderful remedy, and upon my advice a number of my friends have tried Paracamp, and the verdict is unanimous that it is all it is claimed to be. I come of my own accord with this statement because Paracamp is a blessing."

Sincerely,
"MICHAEL DORAN."

SAVINGS ACCOUNTS have been opened, and we start next week up on the 5th hundred, having just received 100 additional banks. Call at the office and get one, and begin a Savings Account at once. It is NOT NECESSARY to take one of the Little Banks, as you can simply make \$1.00 deposit, receive a pass book, and deposit your saving just as it suits you. Mr. Borg, the efficient manager of Messrs. Burns & Co., of New York, the manufacturer of the auxiliary banks, has so well canvassed the town that a great many persons are calling at the office to open accounts who were not ready when he was working the town. As we may not put out more than 500 in all, you had better call and get one now. Bring \$1.00. That opens the account, and is withdrawable with other deposits, as the bank costs you nothing.
